Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with *Eric King* on *17 June 2010*.

The application has been amended as follows:

The following changes to the drawings have been approved by the examiner and agreed upon by applicant: *that limitations found within claim 17 are not featured in drawings*. In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

RCE

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 05-19-2010 has been entered.

Allowable Subject Matter

Claim(s) 1, 7-9, 17 and 19 are allowed over the prior art of record.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: Claims 1, 7-9, 17 and 19 are allowed primarily because the references of record, individually or in combination, cannot anticipate or render obvious the following limitation(s):

"a region adjacent to the memory layer, in which the content of Zn or Cd is higher by 10 at% or more than that of the memory layer"

as recited in independent claims 1 and 8 and

"wherein an insulating layer is disposed between the memory layer and one surface of the one said electrode"

as recited in independent claim 17.

Therefore, the prior art of record neither anticipates nor renders obvious the claimed subject matter of the instant application either taken alone or in combination.
